A Message from your President

The Heavy Construction industry plays a vital role in our community, building and maintaining critical infrastructure and the well-being of the community itself. It is a significant economic driver employing over 7,500 people and performing well over \$1 billion in infrastructure work annually.

This year marks the 48th year that the National Capital Heavy Construction Association has represented the interests of the heavy construction industry in the region. Tonight, I am honored to become the President of the Association and continue building upon the foundation laid by our Past Presidents and Board Members. To accomplish this, I am fortunate to have the support of our Past President, John DeKroon, our committed Board of Directors, association Co-ordinator Hollie Coville and Executive Director, Kathryn Sutherland.

Consistent with our Mission statement, this year we will continue to execute our existing programs and initiatives, acting as a resource to our members and promoting our industry.

During my presidency, my priorities will be the Objectives of the association:

- **Advocacy** – Advocating strong, clear positions and expectations regarding issues that affect the heavy construction industry.
- **Resources** – Serving as a resource for our members and facilitating educational development.
- **Recruitment** – The recruitment of workers to the heavy construction industry remains a priority for NCHCA. Our website www.buildforyourfuture.ca continues to attract inquiries from individuals who are interested in working in the industry. Currently we have received over 5,000 inquiries and have provided each with information about working in it.
- **Stakeholder Relations** – We will continue to work with our partners – municipal governments, private sector owners, and consulting engineers. We will build on the success of the 2026 Education Series, which brought together over 400 industry professionals at this industry-wide educational and networking event. We will also work with the City of Ottawa through monthly liaison meetings and providing feedback on City initiatives such as the VPM program, Health and Safety Management system requirements, and specification updates.
- **Networking Activities** - We will be holding several networking events in 2026, including the Education Series, Curling Bonspiel, Baseball Tournament, Soccer Invitational, Manhole and Pothole Open golf tournaments, BBQ Shine & Show, and the Fall Gala.

In addition, our sixth annual CHEO Construction Equipment Parade will take place on September 19, 2026. This event has been a huge success as our members come together to support the community and bring smiles to the faces of the children in palliative care at CHEO and Roger Neilson Children's Hospice. We invite you to participate by registering your equipment in the procession and donating to our charity.

I look forward to my term as president and to providing our members with information and resources so that they, in turn, can be successful.

Dale Downey

NCHCA President

National Capital Heavy Construction Association

The National Capital Heavy Construction Association represents the heavy construction industry (sewer and watermain contractors, road builders, aggregate producers and suppliers to the heavy construction industry) in the National Capital region. Our industry is a significant economic driver performing well over \$1 billion in infrastructure work annually. Our members play a vital role in the construction and maintenance of sustainable infrastructure.

NCHCA was created in June 1978 by the amalgamation of the National Capital Roadbuilders Association and the National Capital Sewer and Watermain Association. It serves contractor and associate members in and around Ottawa.

Our Mission

To act as a resource to our members and promote the heavy construction industry in the construction and maintenance of sustainable infrastructure.

Our Objectives

- **Advocacy:** To advocate strong, clear positions and expectations to municipal governments and private sector owners regarding issues that affect the heavy construction industry.
- **Resources for Members:** To serve as a resource to our members and facilitate educational development.
- **Recruitment:** To promote recruitment to the heavy construction industry by developing recruitment and retention strategies that address current and anticipated labour shortages.
- **Stakeholder Relations:** To facilitate the two-way flow of information between the heavy construction industry and its stakeholders to promote better understanding and cooperation between the public, owners, engineers, and contractors.
- **Networking Activities:** To organize networking activities to promote leadership, professionalism, goodwill, and cooperation within our membership.

NCHCA's Top Priorities for 2026

- Advocate strong, clear positions and expectations to municipal governments and private sector owners.
- Serve as a resource to our members and facilitate educational development.
- Promote a positive perception of the heavy construction industry to encourage recruitment and retention of workers.
- Facilitate flow of information between the heavy construction industry and its stakeholders.
- To organize networking activities to promote leadership, professionalism, goodwill, and cooperation within our membership.

Top Ten Reasons to Join NCHCA

1. Grow your business! Only members have access to NCHCA's great advertising and sponsorship opportunities.
2. Spend time with industry colleagues at NCHCA's great professional and social networking events.
3. Shape the future of the industry and advance its interests by adding your voice as a member.
4. NCHCA's annual Education Series, the only industry event where industry, City staff and consulting engineers spend time together in an informal setting.
5. NCHCA's Bursary Program, available to all members and their families.
6. Benefit from recruitment and retention strategies.
7. Advance industry's relations with the City of Ottawa by participating in NCHCA's monthly Liaison meetings.
8. Attend NCHCA Health & Safety Committee meetings for up-to-date health and safety information.
9. Contribute to the work of NCHCA's Committees to develop industry resources and provide input, feedback and perspective to the City of Ottawa on its initiatives, programs and processes.
10. Access resources available to NCHCA members.

Membership Benefits

- Great professional and social networking events
- Complimentary Commissioner of Oath Services
- City of Ottawa Liaison Program
- Education Series
- Health and Safety best practices
- Student bursaries
- Advertising and sponsorship opportunities
- Endowment Funds
 - Carleton University
 - Algonquin College
 - La Cité

NCHCA Bursary Program

In support of its objective to promote recruitment to the heavy construction industry and encourage educational development, NCHCA offers three bursaries of \$2,500 each to member employees and their children.

- President's Award
- Board of Directors Award
- Women in Construction Award

Applicants must be:

- An employee of an NCHCA member, or the child of a person who works for an NCHCA member,
- Registered full-time at a Canadian post-secondary institution, and
- Entering at least the second year of an undergraduate program or the first year of a graduate program.

Applicants requirements (documents may be uploaded through the online application form)

- Completed application form
- Transcripts of previous scholastic results
- Evidence of university or college enrollment
- Two letters of reference attesting to personal attributes

Preference may be given to applicants enrolled in courses related to the industry.

To Apply for a 2026 Bursary,
◀ please complete the online application form at:
nchca.ca/bursary by August 31, 2026

Congratulations to our 2025 Bursary Award Winners!

Board of Directors Award - Alexander Gordon

Women in Construction - Chloe Breithaupt

Presidents Award - James VanderVeen

Sponsorship and Advertising Opportunities

Without the support of our members through the purchase of sponsorship and advertising, we would not be able to host our great social, networking and educational events.

The following sponsorship and advertising opportunities are available for NCHCA's in-person and virtual events.

- Curling Bonspiel
- Education Series
- Annual General Meeting
- Softball Tournament
- Pothole Open
- Manhole Open
- BBQ Shine & Show
- Soccer Invitational
- Fall Gala
- Membership Directory
- Newsletter & Website

Corporate Sponsorship \$10,000

The NCHCA corporate sponsor package provides members with the opportunity to support their association and be recognized throughout the year at all NCHCA events, on the NCHCA website and social platforms, in NCHCA e-blasts and email signatures, and in the NCHCA Newsletter.

Thank you to this year's corporate sponsor.

Corporate sponsors receive:

- 2 free registrations at every event
- Acknowledgement on corporate sponsor banner at all events
- Acknowledgement in all newsletters and on social platforms
- Sponsor's logo on the NCHCA website linked to sponsor's website
- Use of the NCHCA corporate sponsor logo
- A corporate sponsor wall certificate
- Acknowledgement at all NCHCA events

Learn more at:
nchca.ca/sponsor

NCHCA Success in 2025

INPUT TO CITY OF OTTAWA INITIATIVES

NCHCA provided industry input, feedback and comments on City initiatives, including:

- Spec updates
- Improvements to Vendor Performance Management System
- Health & Safety Management System Requirements
- Social procurement

NCHCA continues to advocate for our industry at monthly Liaison meetings.

PROVINCIAL ADVOCACY

In 2025, NCHCA provided industry input, feedback and perspective regarding

- Excess soil management legislation
- Locate system improvements
- New Design Criteria for Sanitary Sewers, Storm Sewers and Force mains

NCHCA Recruitment Project

In 2020, NCHCA undertook a 2-year recruitment project to address current and anticipated labour shortages in the Ottawa region.

The heavy construction industry is expected to see employment rise to 8,500 workers by 2022 – an increase of 870 jobs. In addition, it is anticipated that 1,660 workers will retire over the next 10 years.

Recognizing that not enough people are entering the industry and committing to careers in heavy construction, NCHCA's Recruitment Project was initiated to develop strategies and solutions with input from our members and other industry stakeholders to improve perception of the heavy construction industry in the Ottawa area, making it an attractive, long-term career choice.

Our social media campaign received over 5,000 requests for more information about working in the heavy construction industry. Please visit buildforyourfuture.ca for more information.

This Employment Ontario project was funded in part by the Government of Canada and the Government of Ontario

Publish Certificates of Substantial Performance (CSPs) and other notices with Canada's market leader
For just \$199.

CANADIAN OWNED & OPERATED

The Link2Build Ontario construction portal is 100% Canadian owned and operated by seven Ontario construction associations. We are Canada's leading platform for publishing Certificates of Substantial Performance (CSPs) and other legal construction notices. Our services comply fully with Ontario's Construction Act and offer unbeatable value.

Every dollar you spend stays in Canada, supporting a Canadian business and Canadian jobs. In a time when government mandates increasingly encourage support for Canadian suppliers, we're proud to be the trusted platform for thousands of Ontario construction professionals.

Turn to Link2Build.ca first for publishing:

- Certificates of Substantial Performance
- Notices of Non-Payment of Holdback
- Notices of Termination
- Certificates of Completion of Subcontract
- Notices of Intention to Register a Condominium
